

Engineering

Merit Badge Workbook

This workbook can help you but you still need to read the merit badge pamphlet.

This Workbook can help you organize your thoughts as you prepare to meet with your merit badge counselor

Merit Badge Counselors may not require the use of this or any similar workbooks.

You still must satisfy your counselor that you can demonstrate each skill and have learned the information. You should use the work space provided for each requirement to keep track of which requirements have been completed, and to make notes for discussing the item with your counselor, not for providing full and complete answers.

If a requirement says that you must take an action using words such as "discuss", "show",

"tell", "explain", "demonstrate", "identify", etc, that is what you must do.

No one may add or subtract from the official requirements found on Scouting.org.

The requirements were last revised on January 1, 2024 • This workbook was updated in January 2024.

Scout's Name:______ Unit______ Date Started _____ Phone No.: Counselor's Name: Please submit errors, omissions, comments or suggestions about this workbook to: Workbooks@USScouts.Org Comments or suggestions for changes to the <u>requirements</u> for the <u>merit badge</u> should be sent to: <u>Merit.Badge@Scouting.Org</u> 1. Select a manufactured item in your home (such as a toy or an appliance) and, under adult supervision and with the approval of your counselor, investigate how and why it works as it does. Find out what sort of engineering activities were needed to create it.

Engineering

Scout's Name: _____

gineering		Scout's Name:
Explain the work of six t	ypes of engineers.	
Dieletere ef the airceand		
PICK two of the six and 6	explain how their work is related.	

isit wi	th an engi	gineer (who may be your counselor or parent) and do the following:	
Name	of Engine	neer:	
a.	Discuss	s the work this engineer does and the tools the engineer uses.	
	Work:		
	Tools:		
b.	Discuss	s with the engineer a current project and the engineer's particular role in it.	
	Project:	t:	
	Engine	eer's role:	
C.	Find out	ut how the engineer's work is done and how results are achieved.	

Engineering - Merit Badge Workbook

gineering	Scout's Name:
e.	Discuss with your counselor what you learned about engineering from this visit.
5. Use	e the systems engineering approach to design an original piece of patrol equipment, a toy or a useful device for the ho
	office or garage.

Eng	jineering		Scout's Name:		
6.	Do TWC	of the follow	ving:		
	<u></u> a.	Transformi motion. Exp	ng motion . Using common materials or a construction set, make a simple model that will demonstrate plain how the model uses basic mechanical concepts like levers and inclined planes to demonstrate motion. In example where this mechanism is used in a real product.		
	☐ b.	uses in one	tricity. Make a list of 10 electrical appliances in your home. Find out approximately how much electricity each month. Learn how to find out the amount and cost of electricity used in your home during periods of light and List five ways to conserve electricity.		
☐ c. ☐ d.		 Understanding electronics. Using an electronic device such as a mobile telephone or portable digital media player, find out how sound travels from one location to another. Explain how the device was designed for ease of use, function, and durability. Using materials. Do experiments to show the differences in strength and heat conductivity in wood, metal, and plastic. Discuss with your counselor what you have learned. 			
	☐ f.	vehicles and	ople. Find out the different ways people in your community get to work. Make a study of traffic flow (number of d relative speed) in both heavy and light traffic periods. Discuss with your counselor what might be improved asier for people in your community to get where they need to go.		
	☐ g.	requirement	n engineering project. Enter a project in a science or engineering fair or similar competition. (This t may be met by participation on an engineering competition project team.) Discuss with your counselor what demonstrates, the kinds of questions visitors to the fair asked you about it, and how well were you able to r questions.		
		Project 1:			
		Project 2:			

ineering	Scout's Name:	
Explain what it means to be a registered Professional	Engineer (P.E.).	
Name the types of engineering work for which registra	ition is most important.	
Study the Engineer's Code of Ethics. Explain how it is	like the Scout Oath and Scout Law.	

ineering	Scout's Name:
Find out about three career opportunities in e	ngineering.
1.	
2.	
3.	
Pick one and research the education, training	g, and experience required for this profession.
Career:	
Education:	
Eddodion.	
Taninina	
Training:	
Experience:	
Discuss this with your counselor, and explain	why this profession might interest you.

When working on merit badges, Scouts and Scouters should be aware of some vital information in the current edition of the Guide to Advancement (BSA publication 33088). Important excerpts from that publication can be downloaded from http://usscouts.org/advance/docs/GTA-Excerpts-meritbadges.pdf

You can download a complete copy of the *Guide to Advancement* from http://www.scouting.org/filestore/pdf/33088.pdf.
