Boy Scout Nova Award Workbook

This workbook can help you but you still need to read the Boy Scout Nova Awards Guidebook.
 This Workbook can help you organize your thoughts as you prepare to meet with your counselor.
 You still must satisfy your counselor that you can demonstrate each skill and have learned the information.
 You should use the work space provided for each requirement to keep track of which requirements have been completed,
 and to make notes for discussing the item with your counselor, not for providing full and complete answers.
 If a requirement says that you must take an action using words such as "discuss", "show",
 "tell", "explain", "demonstrate", "identify", etc, that is what you must do.

Counselors may not require the use of this or any similar workbooks.

No one may add or subtract from the official requirements found in the Boy Scout Nova Awards Guidebook (Pub. 34033 – SKU 614936).
 The requirements were revised in 2015 • This workbook was updated in January 2018

This module is designed to help you explore how technology affects your life each day.

1. Choose A or B or C and complete ALL the requirements.

- A. Watch about three hours total of technology -related shows or documentaries that involves transportation or transportation technology.

What was watched?	Date	Start Time	Duration

Some examples include—but are not limited to—shows found on PBS ("NOVA"), Discovery Channel, Science Channel, National Geographic Channel, TED Talks (online videos), and the History Channel. You may choose to watch a live performance or movie at a planetarium or science museum instead of watching a media production. You may watch online productions with your counselor's approval and under your parent's supervision.
